

Agri-Trekking Across Ontario, Grade 7 & 8

Discussion Wheel

Use the Discussion Wheel questions to encourage student reflection and expand thinking after exploring the Agri-Trekking Across Ontario, Grade 7 and 8 online resource. These questions can also be posed in the form of a spinner or dice game.

1. Choose a county: What is the biggest environmental concern in this county?
2. Choose a county: What is the biggest opportunity presented by this county's natural environment?
3. Choose a county: What is the biggest challenge presented by this county's natural environment?
4. Choose an initiative outlined in the producers tool box and discuss the benefits and concerns of this initiative.
5. Looking at the counties which surround big urban centers what do you think is the best use of land in these regions?
6. Is selecting Ontario grown food the number one priority when making food choices?
7. What is the best way to promote local eating in your school and community?
8. What do you think are the best strategies farmers can use to protect local water supplies?
9. Southern Ontario is the most densely populated. Looking at the natural environment, why do you think this is? What do southern counties have in common?
10. Choose a county: What is the best way that this county has overcome challenges presented by the physical environment?
